*All copyrights are reserved to [www.designorate.com](http://www.designorate.com). You are not allowed to republish or distrib-ute this document without direct permission. You can share link to the document with mention-ing the copyright ownership.*

*This document is designed to use low amount of printer ink for more sustainable environment. Please print only the pages you need.*

# How to Use This Document

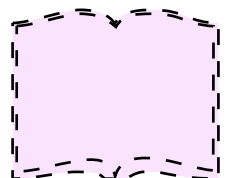

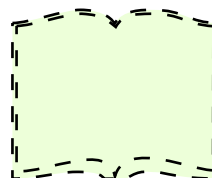

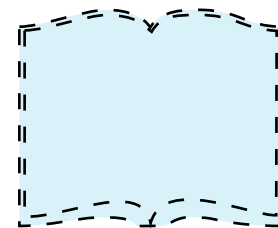

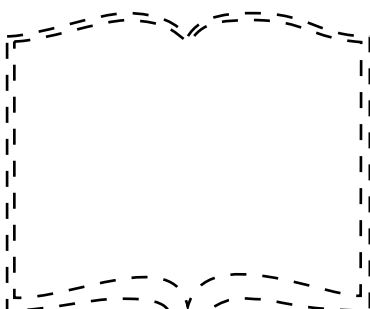

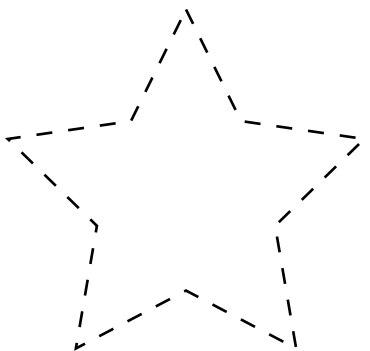

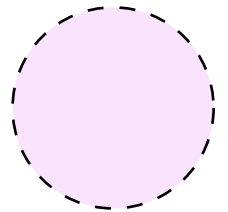

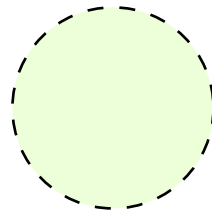

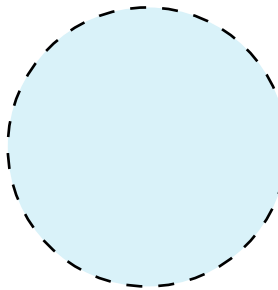

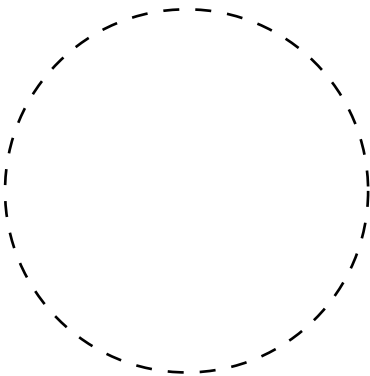

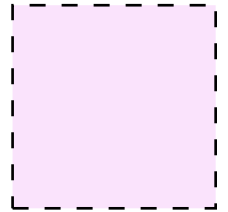

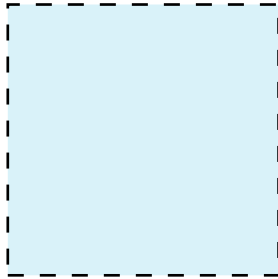

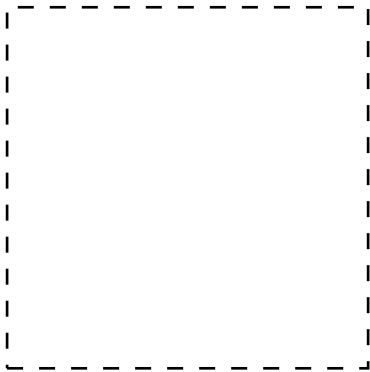

This document provides printable mind map artwork and shapes. These elements can be used in any mind map session in companies, schools, and personal mind mapping. Each page represents a mind map level with different shapes and sizes.

The connectors link between ideas. You can place them together to form long lines. You can also reprint if needed.

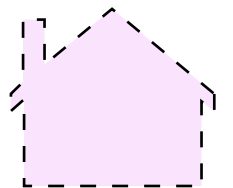

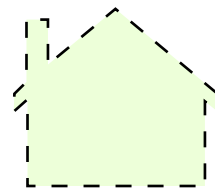

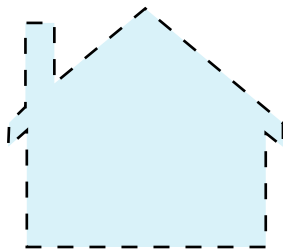

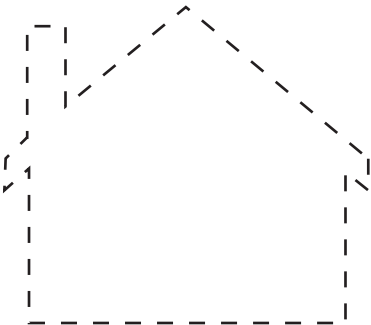

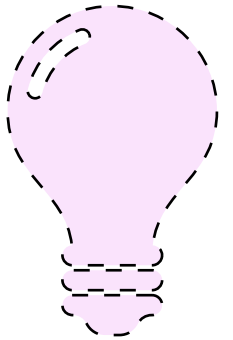

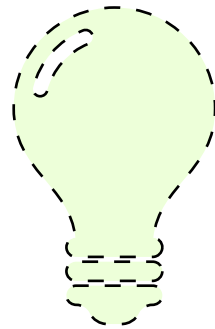

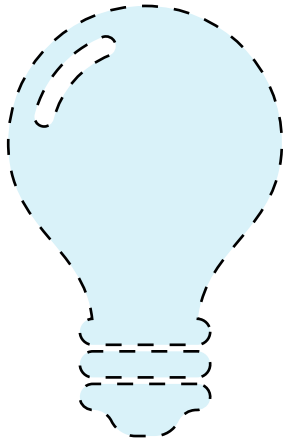

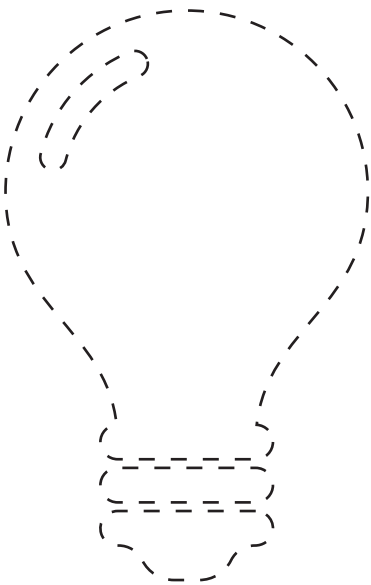

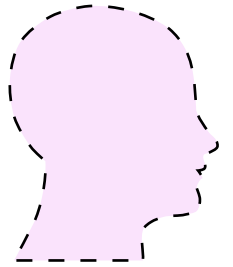

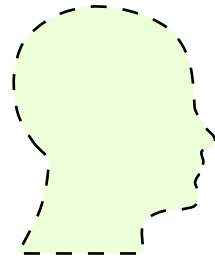

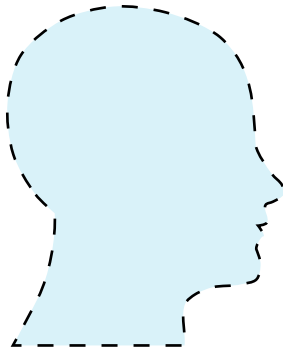

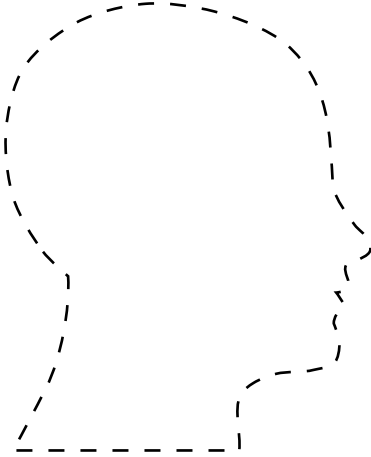

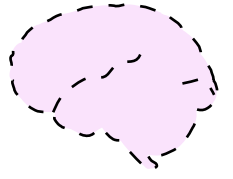

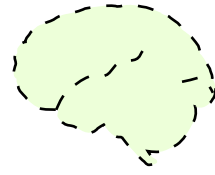

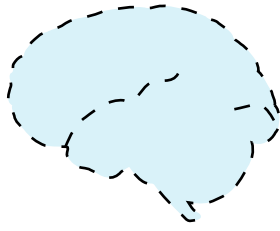

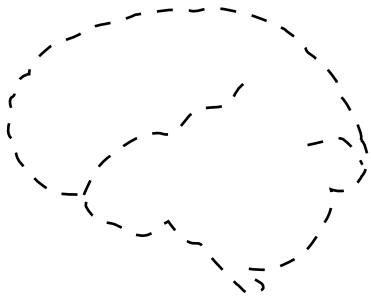

- 1** Download this document and print it in either in black and white or through a color printer. Please read the copyrights in page two before using this document.
- 2** Each page represents one level in the mind map. Also, you will find connectors that can be used as links between ideas. Cut these parts and print if multiple versions are needed.
- 3** Paste the parts on a paper, board or even on the meeting desk. You can add glue or magnetic stickers to it.
- 4** Please mention the source of this document in your meetings or classes, and spread the word out about our resources.

# Core Idea

This artwork is used in the center of the mind map to represent the core idea. You can use any of the listed themes.

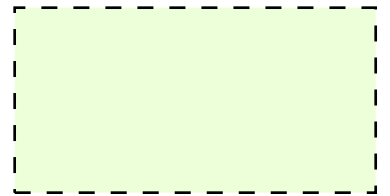

# Core Idea (con.)

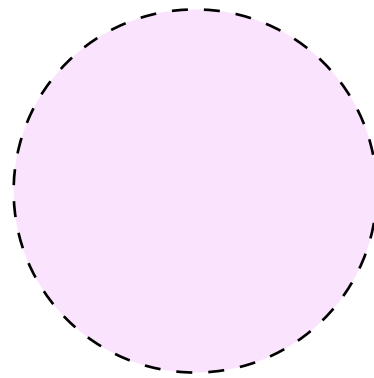

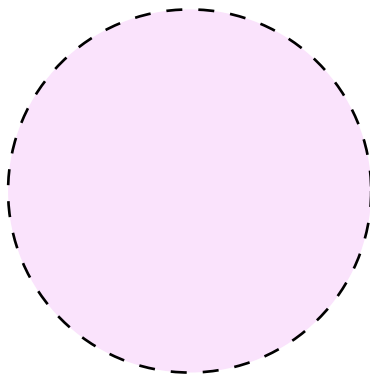

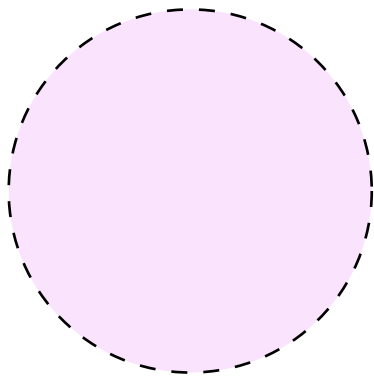

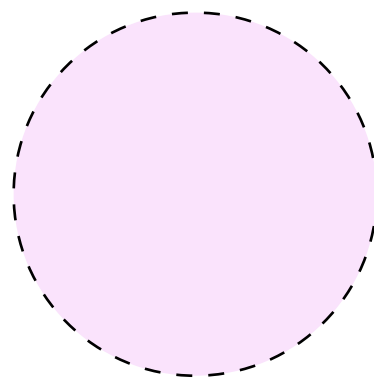

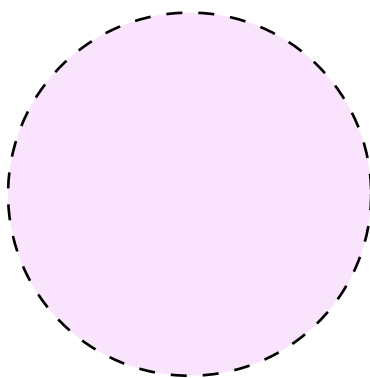

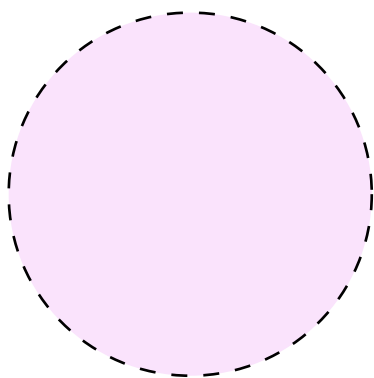

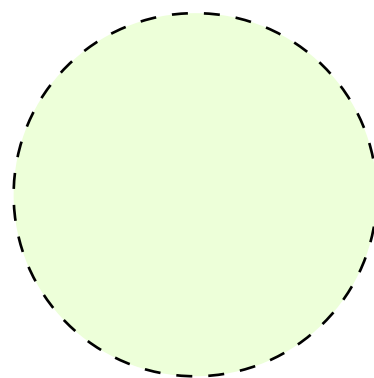

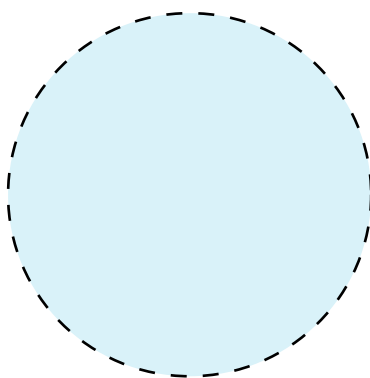

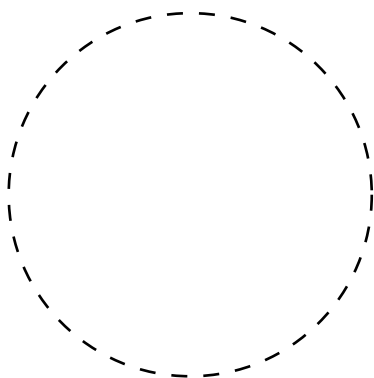

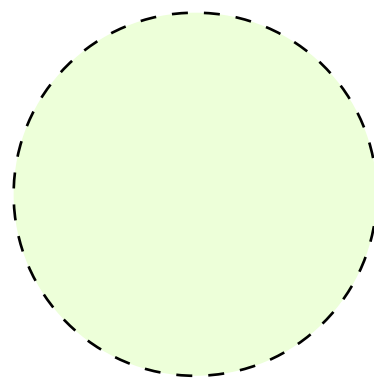

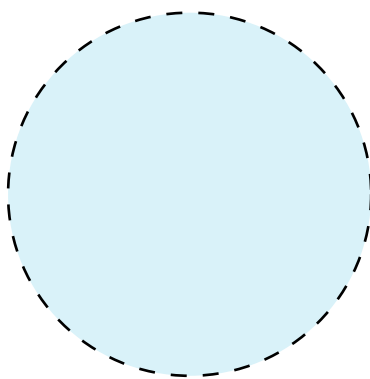

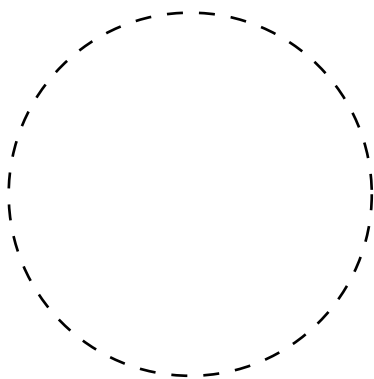

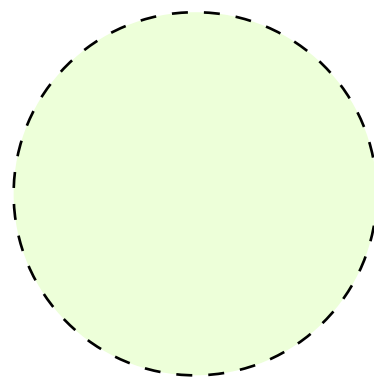

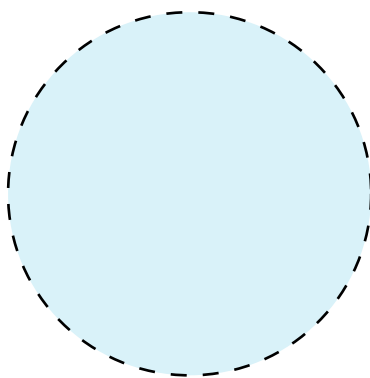

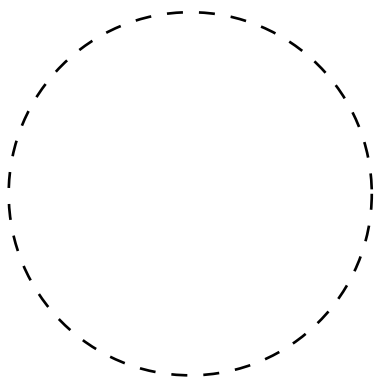

# Level 1

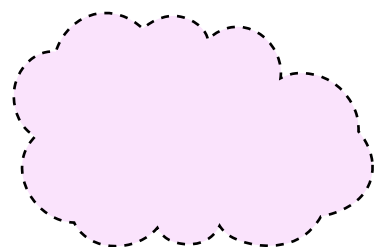

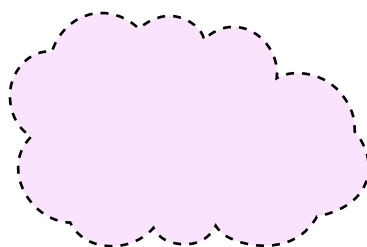

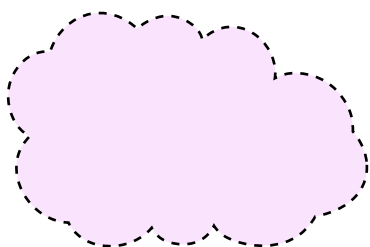

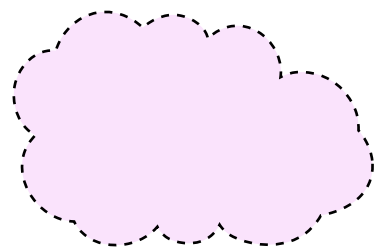

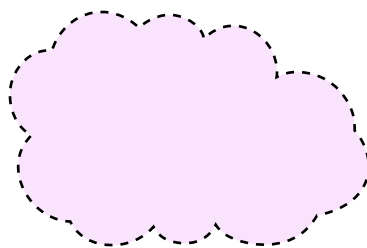

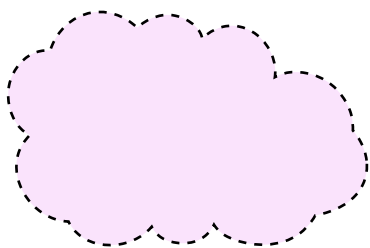

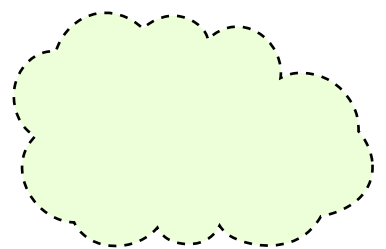

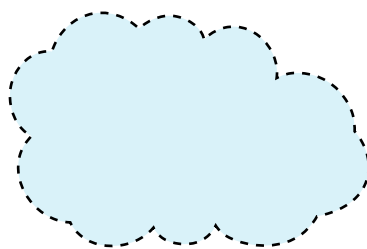

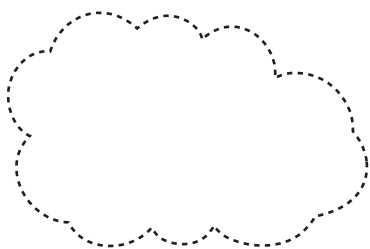

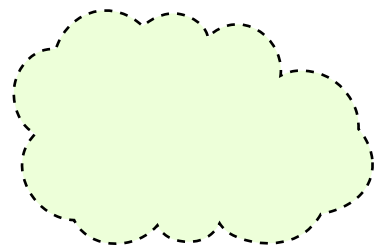

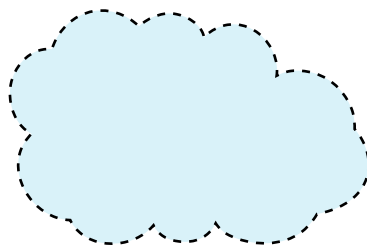

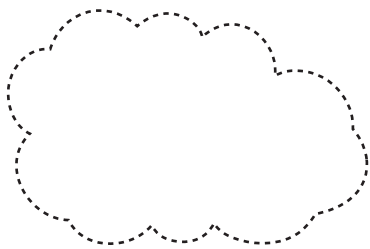

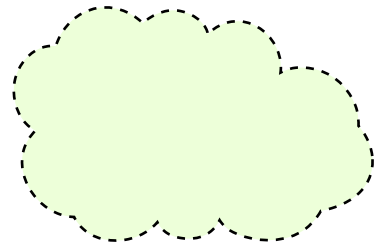

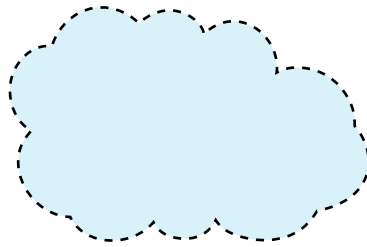

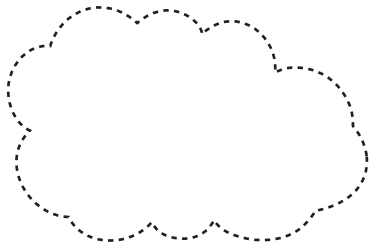

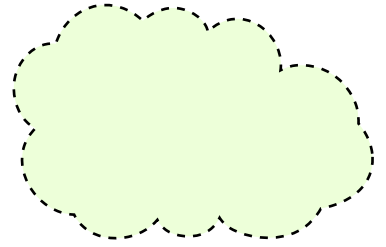

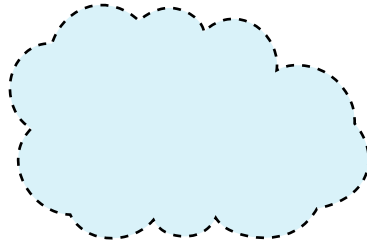

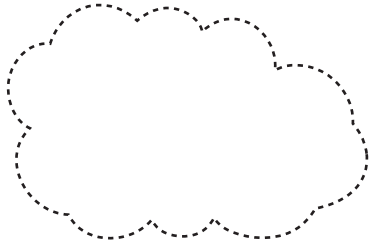

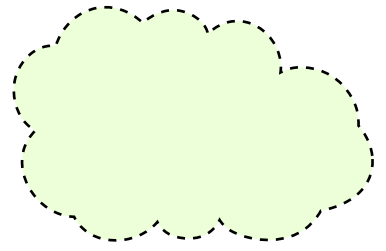

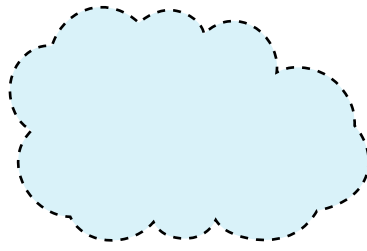

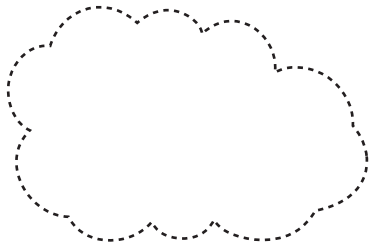

This artwork is used in the level one branch that follows the core idea. For multiple items you can reprint this sheet.

# Level 1 (con.)

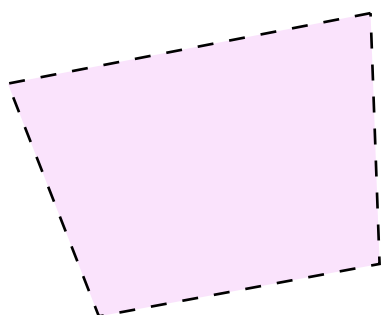

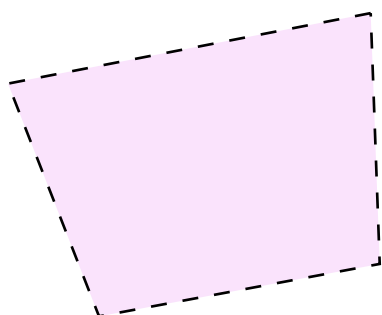

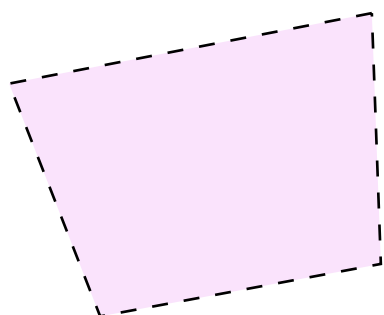

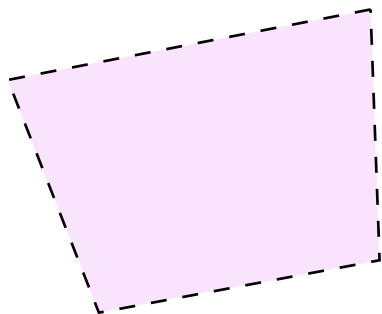

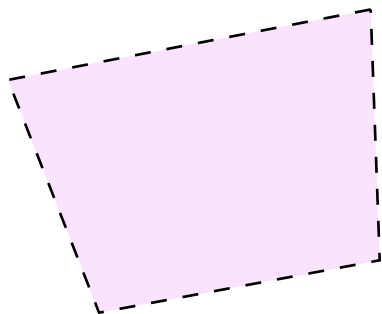

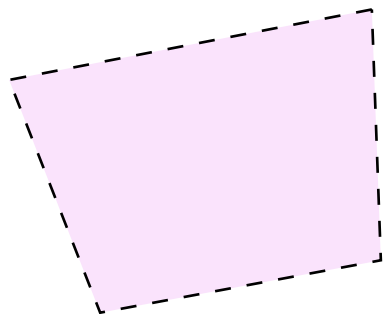

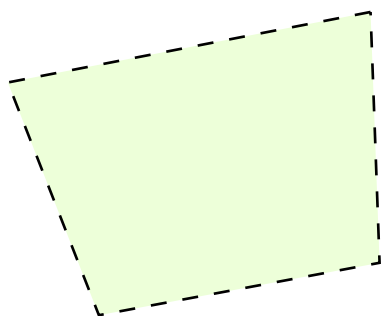

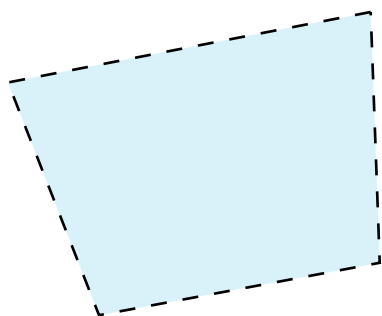

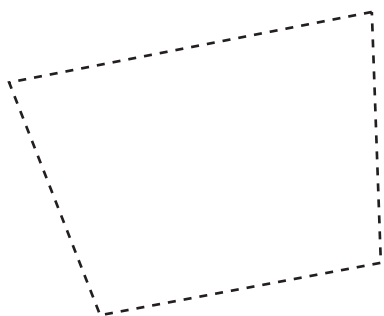

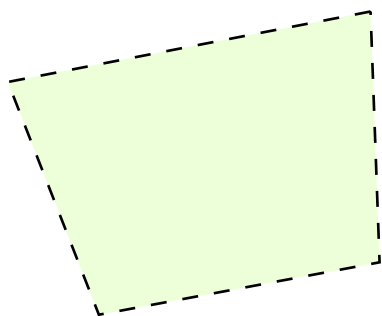

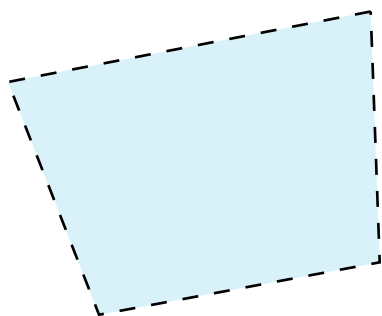

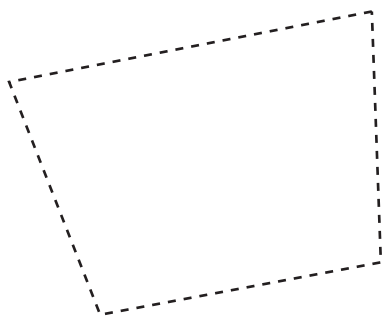

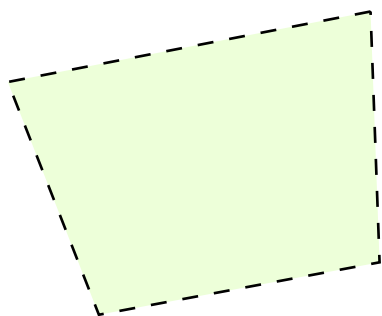

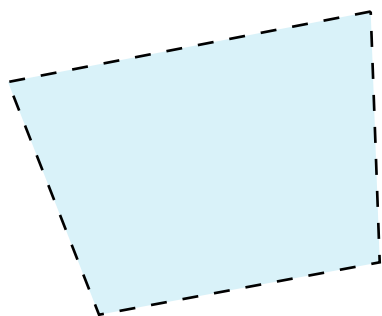

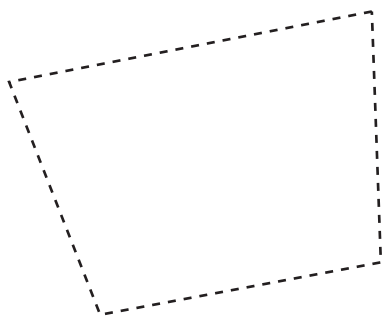

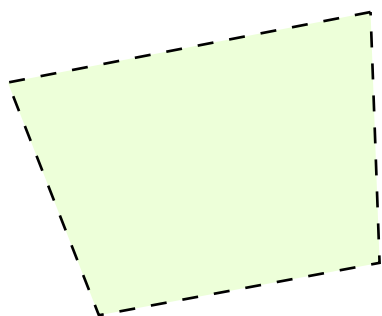

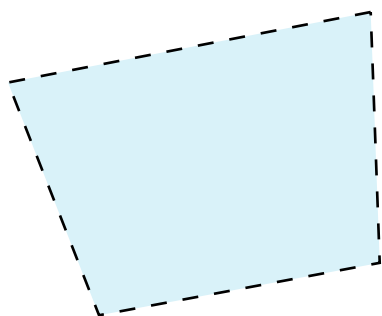

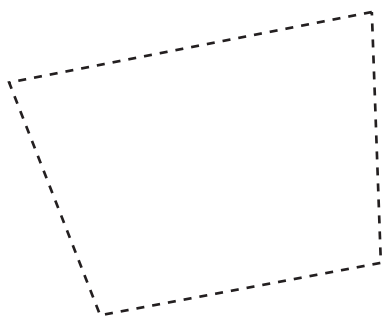

# Level 1 (con.)

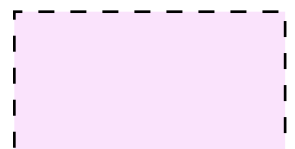

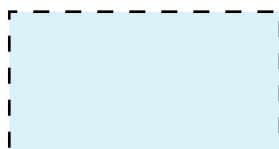

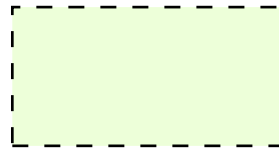

## Level 1 (con.)

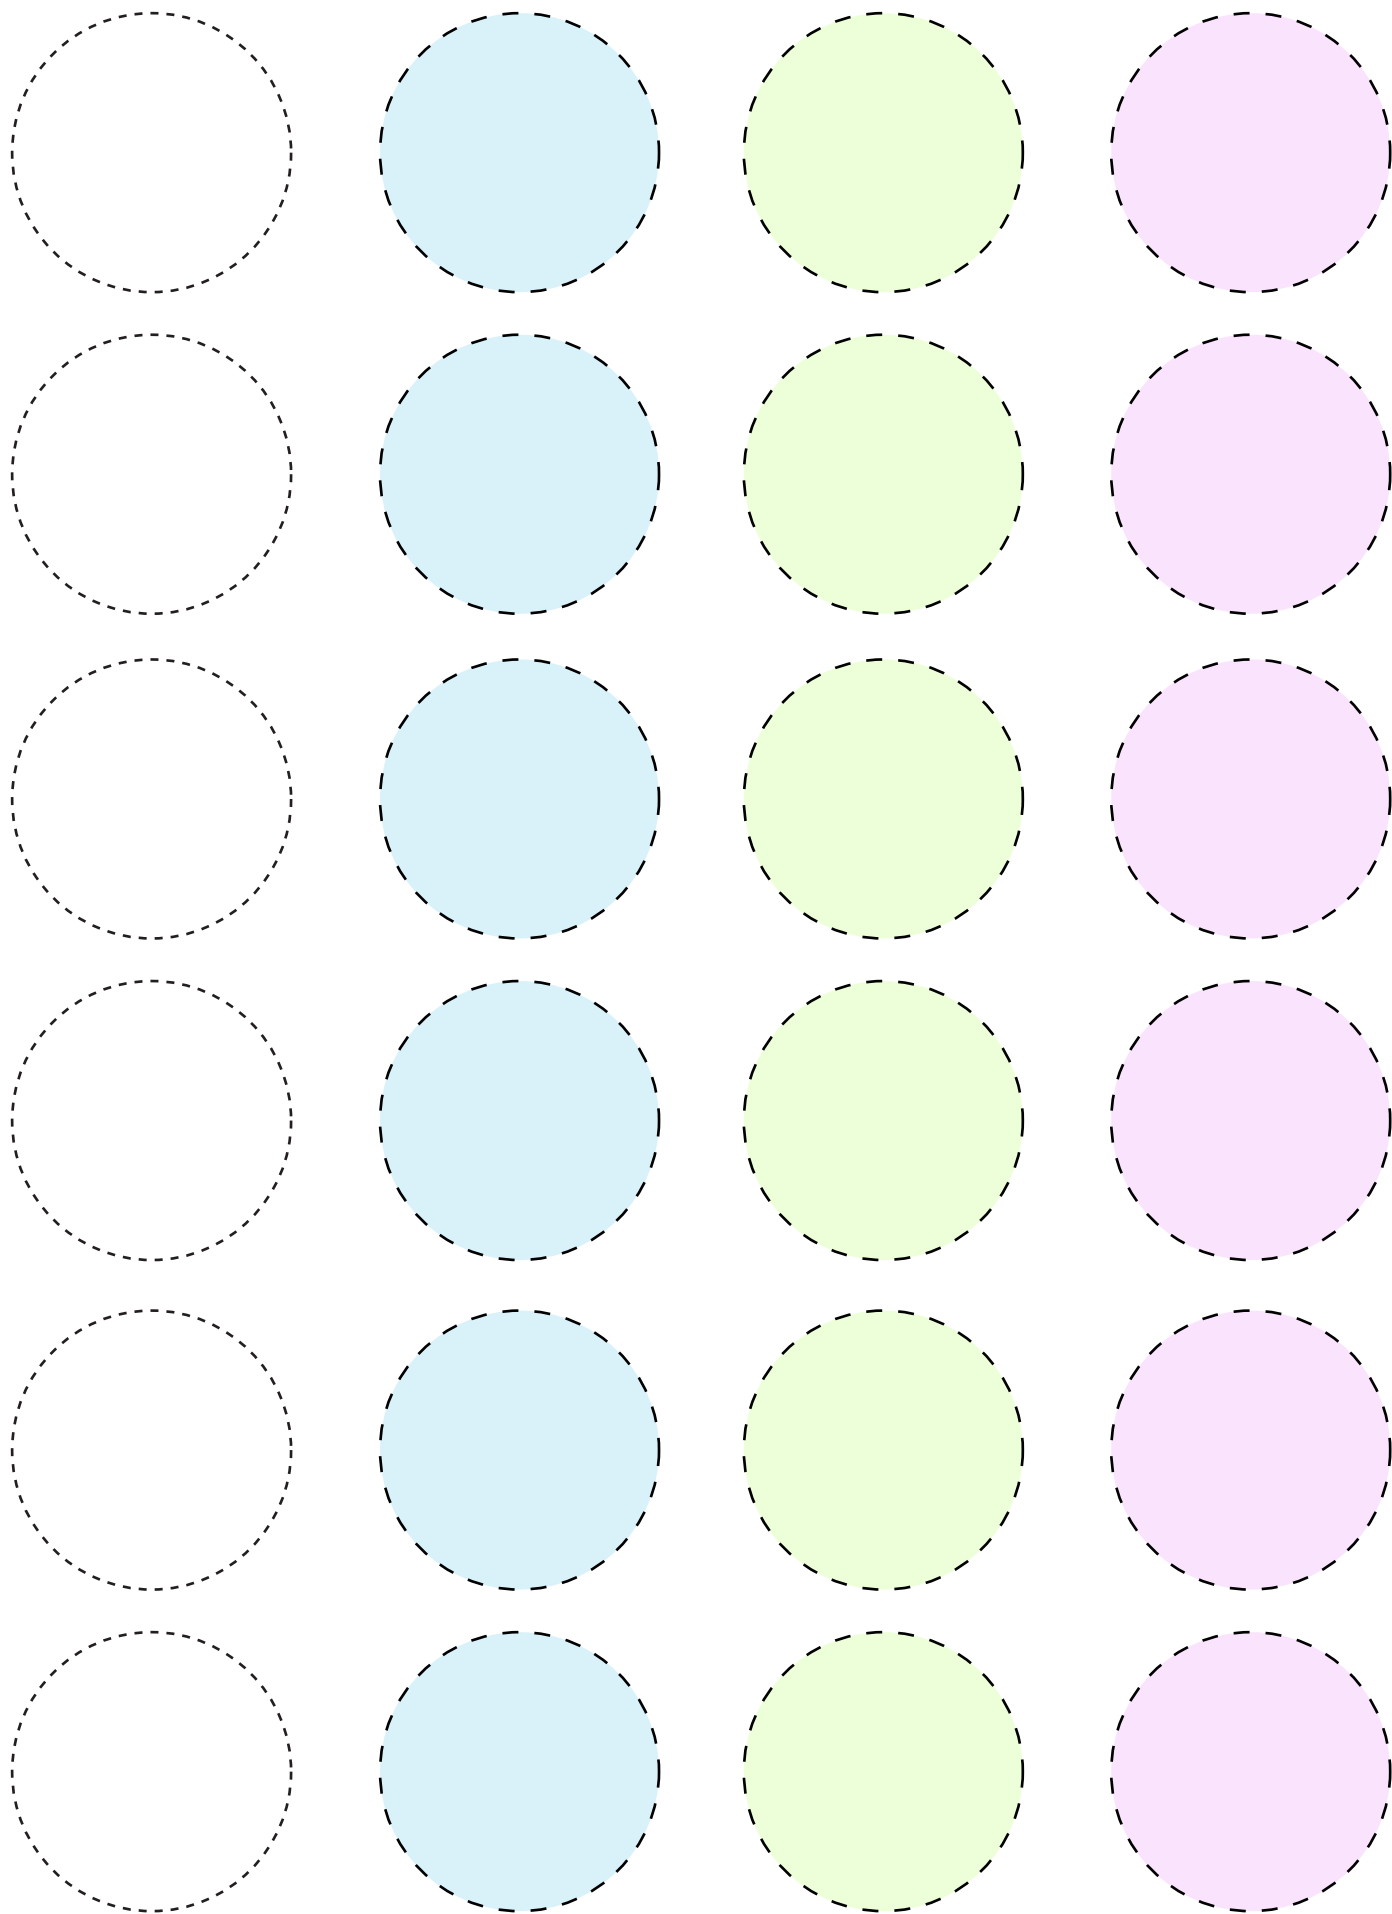

# Level 2

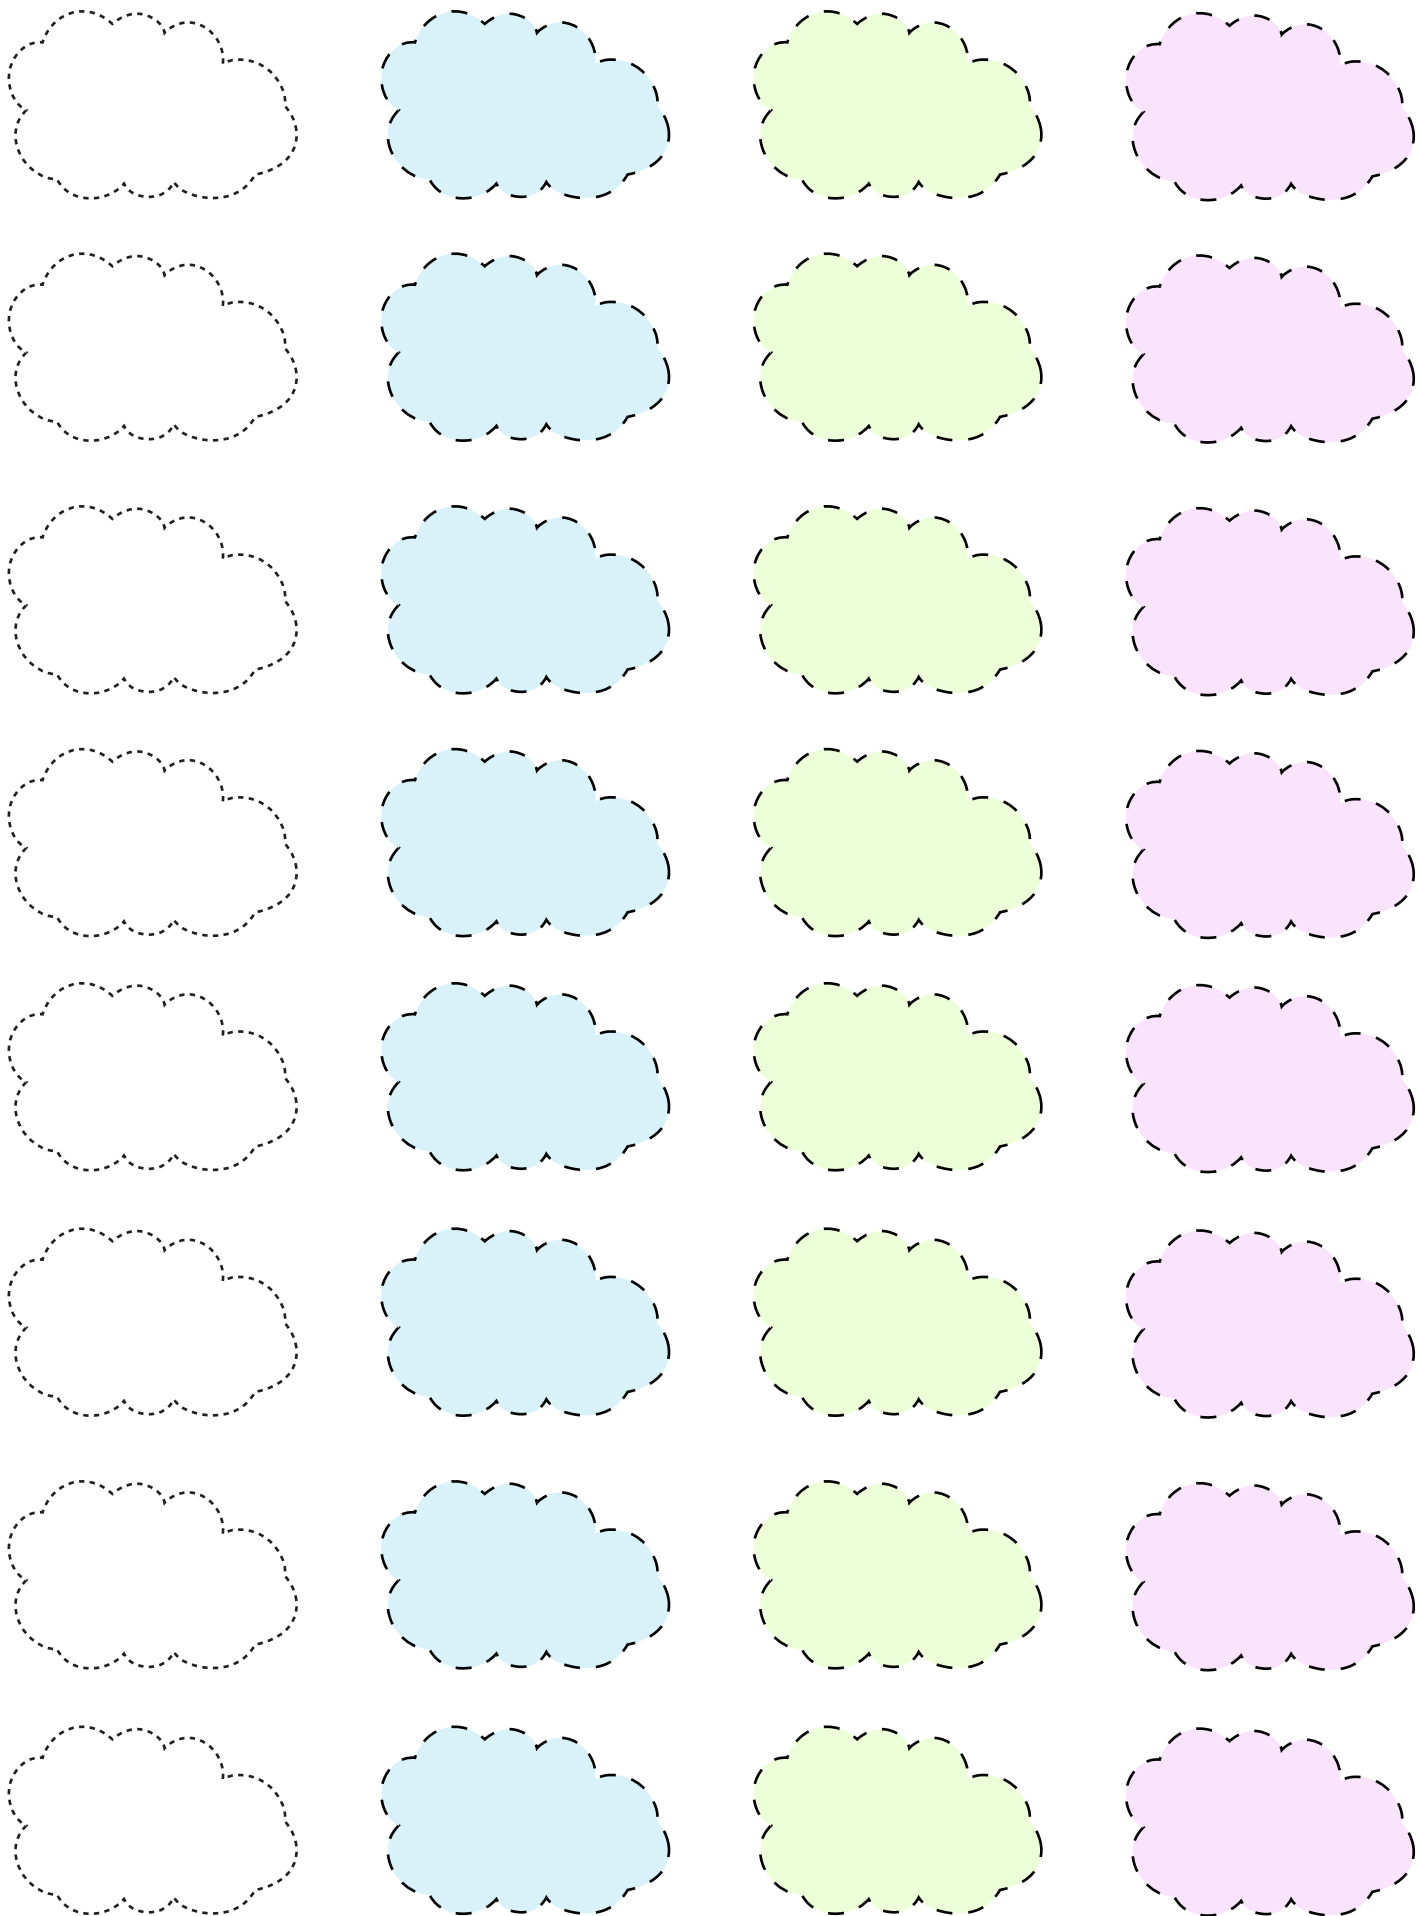

This artwork is used in the level two branch that follows the core idea. For multiple items you can reprint this sheet.

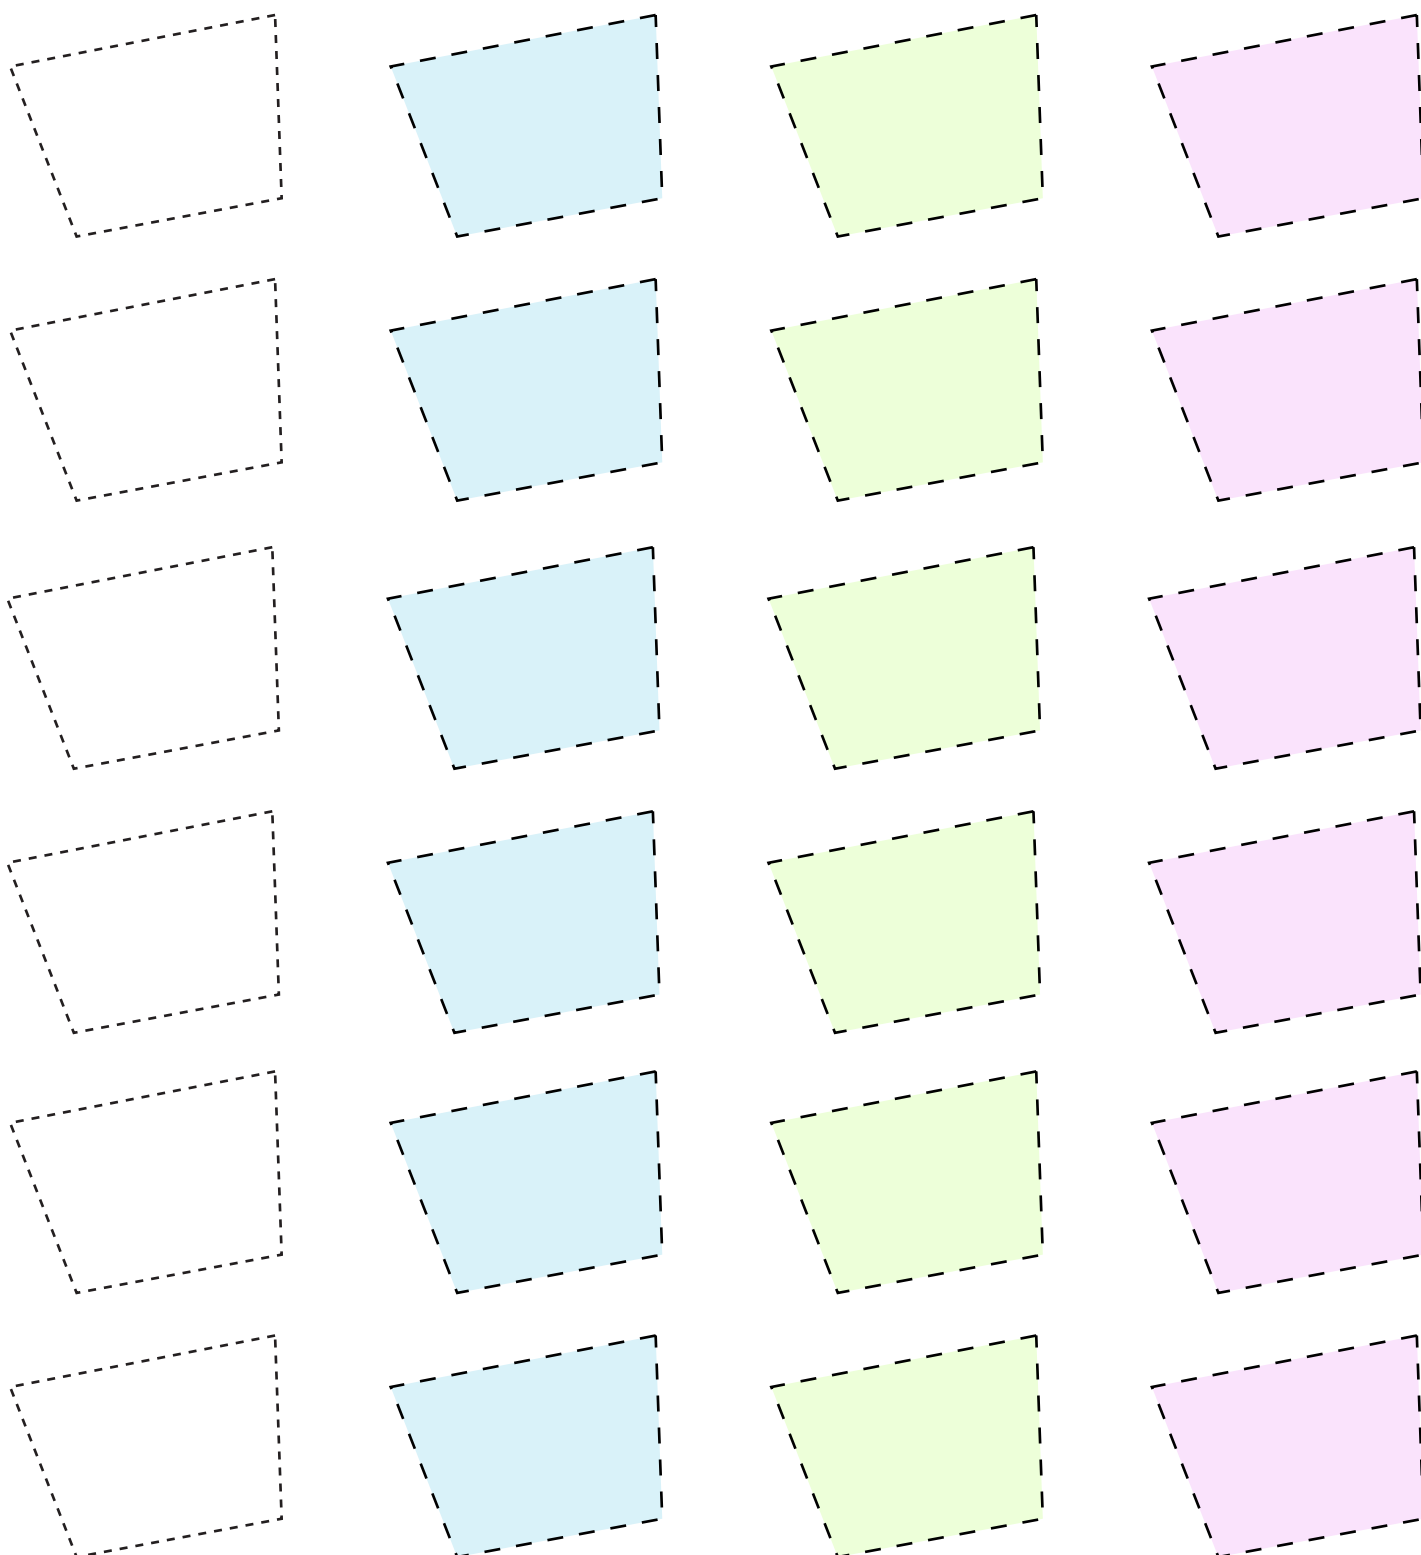

**Level 2** (con.)

# Level 2 (con.)

# Level 2 (con.)

For more levels and sizes, you can simply print any of the above themes in a small size than the original. For more colors, you can print the white theme on a colored paper.

# Connectors

The connectors are artwork that can be printed and used as a link between ideas and branches in the mind map. For long lines, you can just add connector parts next to each other. The arrows can be used at the beginning and end of the lines.
